Introduction to Adventist Mission Gorden Doss, 2018-08 Introduction to Adventist Mission is a crucial publication for understanding the Seventh-day Adventist approach to mission, which permeates every aspect of Adventist theology and practice. God's mission of saving people is identified, and the grand biblical narrative and history of mission is explained, informing the reader of how to participate in this mission and experience the joy of collaborating with God in his search for humanity. Adventist theology of mission is presented within its Trinitarian foundation and in relation to world religions. At its core, mission is service oriented, so every follower of Christ should be engaged in various forms of activities to reach the unreached. This book should be studied and in the library of every serious student of the Bible who is committed to spreading

the Gospel of hope to this dying world.

Principled Ministry Loughlan Sofield, Carroll Juliano, 2011 Expanding their foundational work on collaborative ministry, these bestselling authors now offer thirty principles for effective, spiritually healthy, mission-focused ministry. Disciplines like set boundaries; facilitate, don't dominate; think developmentally; be comfortable with conflict; and avoid ambiguity are presented with real-world stories, compelling commentary, and follow-up exercises that reinforce and help the reader apply what has been learned. Arranged into five chapters, the principles are explored in light of the best servant-leadership theory and praxis and situated within a variety of contexts and ministerial settings in the Catholic Church. An ancillary workbook, available for free download, helps both the apprentice and well-seasoned Church leader immediately apply the lessons and incorporate the disciplines presented in this eminently practical and vitally needed book.
